PHONE: 614 843 9179 • EMAIL: DUBE.25@OSU.EDU

curriculum vitae

academic appointments

2019-current **Postdoctoral Researcher**
Department of Psychology
The Ohio State University
Advisor: Julie Golomb

education

2015-2019 **PhD Psychology, Neuroscience Specialization**
Neuroscience & Applied Cognitive Science
University of Guelph
Advisor: Naseem Al-Aidroos

2017 **Honorary Research Fellow**
Cognitive Psychology
Vrije Universiteit Amsterdam
Advisor: Christian N. L. Olivers

2013-2015 **MSc Psychology, Neuroscience Specialization**
Neuroscience & Applied Cognitive Science
University of Guelph
Advisor: Naseem Al-Aidroos

2008-2012 **Hon BA Psychology**
Brock University
First Class Distinction
Advisors: Gordon Hodson and Karen Arnell

scholarships & awards

2017 NSERC Michael Smith Foreign Study Supplement (\$6,000)
2017 Elsevier/Vision Research Travel Award (VSS Student Travel Award) (\$500)
2016 Canadian Psychological Association Certificate of Academic Excellence: Master's Thesis Award
2015-2018 CSAHS Dean's Tri-Council Scholarship (\$15,000)
2015-2018 NSERC Canada Graduate Scholarship, Doctoral Level (\$105,000)
2015 Ontario Graduate Scholarship (\$15,000 – declined)

2014	CSAHS Dean's Scholarship (\$2,500)
2014	Ontario Graduate Scholarship (\$15,000)
2013	CSAHS Dean's Scholarship (\$2,500)
2009-2012	Dean's Honour List
2008-2012	Brock Scholar's Award (\$8,000)

refereed publications (*denotes student contributor)

Salahub, C., Lockhart, H. A., **Dube, B.**, Al-Aidroos, N., & Emrich, S. M. (2019). Electrophysiological correlates of the flexible allocation of visual working memory resources. *Scientific Reports*, 9 (1), 1-11.

Triglav, J., Howe, E., Cheema, J., **Dube, B.**, Fenske, M. J., Strzalkowski, N., & Bent, L. (2019). Physiological and cognitive measures during prolonged sitting: Comparisons between a standard and multi-axial office chair. *Journal of Applied Ergonomics*, 78, 176-183.

Dube, B., & Al-Aidroos, N. (2019). Distinct prioritization of visual working memory representations for search and for recall. *Attention, Perception, & Psychophysics*, 81(5), 1253-1261.

Dube, B., *Lumsden, A., & Al-Aidroos, N. (2018). Probabilistic retro-cues do not determine state in visual working memory. *Psychonomic Bulletin & Review*, 26(2), 641-646.

Dube, B., Emrich, S.M., & Al-Aidroos, N. (2017). More than a filter: Feature-based attention regulates the distribution of visual working memory resources. *Journal of Experimental Psychology: Human Perception and Performance*, 43(10), 1843-1854.

Dube, B., *Basciano, A., Emrich, S.M., & Al-Aidroos, N. (2016). Visual working memory simultaneously guides facilitation and inhibition during visual search. *Attention, Perception, & Psychophysics*, 78(5), 1232-1244.

Hodson, G., **Dube, B.**, & Choma, B. (2014). Can (elaborated) imagined contact interventions reduce prejudice among those higher in intergroup disgust sensitivity (ITG-DS)? *Journal of Applied Social Psychology*, 45(3), 123-131.

conference presentations (*denotes student contributor)

talks

Dube, B., *Rak, S., & Al-Aidroos, N. (2019, June). *Limits to the re-distribution of resources in visual working memory*. Talk presented at the Annual Meeting of the Canadian Society for Brain, Behaviour, and Cognitive Science, Waterloo, Ontario, Canada.

Salahub, C., Lockhart, H., **Dube, B.**, Al-Aidroos, N., & Emrich, S. M. (2019, May). *Beyond Load: Neural markers of visual working memory encoding and maintenance track attentional priority*. Talk presented at the 19th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Dube, B., *Rak, S., & Al-Aidroos, N. (2018, July). *No flexible re-distribution of visual working memory resources after encoding*. Talk presented at the Annual Meeting of the Canadian Society for Brain, Behaviour, and

Cognitive Science, St. John's, Newfoundland, Canada.

Dube, B., Emrich, S.M., & Al-Aidroos, N. (2017, May). *More than a filter: Feature-based attention regulates the distribution of visual working memory resources*. Talk presented at the 17th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Hodson, G., **Dube, B.**, & Choma, C. (2014, June). *Can (elaborated) imagined contact reduce prejudice among those higher in intergroup disgust sensitivity (ITG-DS)?* Talk presented at the European Association of Social Psychology (EASP) annual conference, Netherlands.

posters

Dube, B., Leber, A. B., & Golomb, J. D. (2020, May). *Perceptual distraction disrupts control over visual memory encoding*. Poster accepted for presentation at the 20th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Plater, L., **Dube, B.**, Giammarco, M., *Donaldson, K., *Miller, K., & Al-Aidroos, N. (2020, May). Goals matter: Only searched-for visual working memory representations form an attentional control set. Poster accepted for presentation at the 20th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Dube, B., & Golomb, J. D. (2020, May). Perceptual distraction disrupts the filter that gates visual working memory access. Poster accepted for presentation at the 27th Annual Meeting of the Cognitive Neuroscience Society, Boston, MA.

Dube, B., *Dodwell, A., & Al-Aidroos, N. (2019, November). *No volitional control over distractor interference in visual working memory*. Poster presented at the 19th Annual Meeting of the conference for Object Perception, Visual Attention, and Visual Memory, Montreal, CAN.

Dube, B., *Rak, S., *Iannucci, L., & Al-Aidroos, N. (2019, May). *Too little too late: No flexible control of memory by retro-cues*. Poster accepted for presentation at the 19th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Dube, B., & Al-Aidroos, N. (2018, November). *Increasing item precision in visual working memory is insufficient to grant template status*. Poster presented at the 18th Annual Meeting of the conference for Object Perception, Visual Attention, and Visual Memory, New Orleans, LA.

Dube, B., *Lumsden, A., & Al-Aidroos, N. (2018, May). *Probabilistic retro-cues do not determine representational state in visual working memory*. Poster presented at the 18th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Salahub, C., **Dube, B.**, Al-Aidroos, N., & Emrich, S. M. (2018, May). *ERP measures of target and distractor processing are affected by attentional prioritization*. Poster presented at the 18th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

*Gillies, G., *Goodman, H., **Dube, B.**, & Al-Aidroos, N. (2018, May). *The distribution of resources in visual working memory is not accomplished via a simple filter*. Poster presented at the 38th Annual Meeting of the Southern Ontario Neuroscience Association, Guelph, Canada.

Dube, B., *Pike, V. A. A., & Fenske, M. J. (2018, February). *When fidgeting is functional: Tactile fidgeting enhances cognitive performance and subjective experience during lecture*. Poster presented at the 47th Annual

Lower Ontario Visionary Establishment Conference, Niagara Falls, Canada.

Dube, B., de Vries, I. E. J., van Driel, J., & Olivers, C. N. L. (2017, December). *EEG Dynamics of Negative Templates for Visual Search*. Poster presented at De Nederlandse Vereniging voor Psychonomie, Egmond aan Zee, Netherlands.

*Pike, V., **Dube, B.**, & Fenske, M.J. (2017, February). *The Link Between Boredom and Fidgeting: Examining Subjective Experience*. Poster presented at the 46th Annual Lake Ontario Visionary Establishment Conference, Niagara Falls, Canada.

Dube, B., *Chen, A., Eastwood, J.D., & Fenske, M.J. (2016, November). *Individual differences in fidgeting and the link between state boredom and spontaneous movement during lectures*. Poster presented at the Psychonomic Society's 57th Annual Meeting, Boston, Massachusetts.

Dube, B., *Miller, K., Giammarco, M., & Al-Aidroos, N. (2016, May). *Active visual working memory representations are insufficient to control spatial attentional capture*. Poster presented at the 16th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Giammarco, M., *Hryciw, J., **Dube, B.**, & Al-Aidroos, N. (2016, May). *Limits on the contribution of priming to attentional control settings: Evidence from long-term memory control sets*. Poster presented at the 16th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

*Chen, A., **Dube, B.**, & Fenske, M. J. (2016, February). *Establishing a potential link between boredom and fidgeting*. Poster presented at the 45th Annual Lake Ontario Visionary Establishment Conference, Niagara Falls, Canada.

Dube, B., & Al-Aidroos, N. (2015, November). *Monetary Reward Accelerates Conscious Visual Perception*. Poster presented at the Psychonomic Society's 56th Annual Meeting, Chicago, Illinois.

Dube, B., Emrich, S.M., & Al-Aidroos, N. (2015, May). *Feature-based attention separately influences visual working memory resolution and encoding probability*. Poster presented at the 15th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Arnell, K., & **Dube, B.** (2015, May). *Extraversion predicts superior face-specific recognition ability, but through experience, not positive affect*. Poster presented at the 15th Annual Meeting of the Vision Sciences Society, St. Pete Beach, Florida.

Dube, B., *Basciano, A., Emrich, S.M., & Al-Aidroos, N. (2014, November). *Concurrent inhibition and facilitation by the contents of visual working memory during visual search*. Poster presented at the 55th Annual Meeting of the Psychonomic Society, Long Beach, California.

Dube, B., & Al-Aidroos, N. (2014, July). *Monetary rewards speed conscious visual perception*. Poster presented at the 24th Annual Meeting of the Canadian Society for Brain, Behaviour, and Cognitive Science, Toronto, Ontario.

Dube, B., Arnell, K., & Mondloch, C. (2014, May). *Does attention to low spatial frequencies enhance face recognition? An individual differences approach*. Poster presented at the 14th Annual Meeting of the Vision Science Society, St. Pete Beach, Florida.

Dube, B. & Al-Aidroos, N. (2014, April). *The application of attentional goals across the stages of visual processing*. Poster presented at the University of Guelph Annual Neuroscience Day, Guelph, ON.

Dube, B. & Al-Aidroos, N. (2014, February). *Goal-directed processing in visual working memory*. Poster presented at the University of Guelph PGSA Research Roundtable, Guelph, ON.

psyc*4870/80, honours thesis

Greer Gillies (2017-2018)	Limits to the flexible distribution of resources within visual working memory
Corey Loo (2016-2017)	Testing the relational account of memory-based capture
Victoria Pike (2016-2017)	Examining the functional link between boredom and fidgeting
Angela Chen (2015-2016)	Establishing a potential link between boredom and fidgeting
Jacob Lindsay-Kolari (2015)	The chronometry of working memory precision

psyc*4510, current issues in psychology

Alison Dodwell (F18)	How do we protect the contents of visual working memory from distraction?
Alanna Lumsden (W17)	Assessing the effects of retro-cues on memory-driven capture
Krista Miller (W16)	Visual working memory and attentional control settings are distinct
Corey Loo (W16)	What constitutes “similarity” in visual working memory-based capture?

psyc*4500, current theoretical issues in psychology

Alanna Lumsden (F16)	Is memory driven capture determined by memory resolution?
Stephanie Rak (W17)	Assessing the effects of retro-cues on memory resolution
Corey Loo (F15)	The attentional consequences of accessory memory representations

psyc*3240, independent research

Hannah Goodman (F18)	Are probabilistic retro-cues sufficient to characterize a search template?
----------------------	--

invited talks

Fall 2017	Vrije Universiteit Amsterdam Department of Psychology Colloquium Series
Spring 2019	The Ohio State University Vision & Cognitive Neuroscience Lab
Fall 2019	The Ohio State University Department of Psychology Colloquium Series

guest lecturer

Winter 2017	Cognitive Neuroscience (4 th yr), University of Guelph
Fall 2016	Cognitive Neuroscience (4 th yr), University of Guelph
Fall 2015	Principles of Learning (2 nd yr), University of Guelph
Fall 2015	Cognitive Neuroscience (4 th yr), University of Guelph
Winter 2015	Cognitive Neuroscience (4 th yr), University of Guelph

graduate teaching assistant

Fall 2015	Seminar in Motivation and Emotion, University of Guelph
Winter 2015	Cognitive Processes, University of Guelph
Fall 2014	Quantification in Psychology, University of Guelph
Summer 2014	Behavioural Neuroscience, University of Guelph
Winter 2014	Principles of Sensation and Perception, University of Guelph
Fall 2013	Principles of Sensation and Perception, University of Guelph

undergraduate tutor

2011 - 2013	Introduction to Psychology, Brock University
	Statistics and Research Design in the Behavioural Sciences, Brock University
	Brain and Behaviour I, Brock University

professional affiliations and activities

research positions

2013 - 2019	Undergraduate Mentor, Visual Cognitive Neuroscience Lab (Dr. Naseem Al-Aidroos) & Cognitive-Affective Neuroscience Lab (Dr. Mark Fenske), University of Guelph <ul style="list-style-type: none">• Manage research projects across multiple labs• Supervise multiple honours thesis students
2011 – 2014	Research Assistant, Attention Lab (Dr. Karen Arnell), Brock University <ul style="list-style-type: none">• Conceptualize/design research projects, create stimuli and experimental tasks, data collection and analysis, writing
2012 – 2013	Research Assistant, Well-Being Research Lab (Dr. Michael Busseri), Brock University <ul style="list-style-type: none">• Participant recruitment, data collection/coding/analysis
2012 – 2013	Research Assistant, Department of Organizational Behaviour, Human Resources, Entrepreneurship, and Ethics (Dr. Tunde Ogunfowora), Brock University

- Participant recruitment, create marketing materials and informational presentations, hire and schedule confederates, schedule/conduct weekly research sessions run in groups of 10-15, data collection/entry.
